

MILEAGE RATES FROM 1ST OCTOBER 2008

The Management Committee has approved an increase in mileage rates payable from 1st October 2008. From 1st October the mileage rate will increase to 40 pence per mile for up to 10,000 miles in the tax year and then 25 pence per mile for any additional miles. The mileage rates for staff who have essential car users allowance and those who have company cars are unchanged.

The increase in mileage rates have been agreed following consultation and negotiation with UNISON.

UNISON and the Consortium are to examine the existing arrangements for staff travel and the way in which we reimburse staff travel costs.

Christine Rowlands
Senior UNISON steward
